

# Lifetime Limited Anti-Static Warranty

on Karastan Carpets

Karastan warrants to the original purchaser of products covered under this warranty that this Karastan carpet will not generate static greater than 5.0 kilovolts (using AATCC Test 134-79) for the life of the carpet from the original date of installation, provided the carpet is properly installed and maintained according to the Carpet and Rug Institute Residential Installation Standard CRI-105 over cushion meeting Karastan standards in an owner-occupied, single-family, indoor residence and subject to your compliance with the recommended carpet care and cleaning procedures found in this booklet. Most people are unaffected by static of that degree.

If, within the warranted period, static greater than 5.0 kilovolts is generated, Karastan will handle such claims as stated in "Karastan's Limited Liability" section of this warranty document and in accordance with the Reimbursement Limitations included in this Section.

## What Is Not Covered

The warranty exclusions listed in the sections of this document entitled "Warranty Exclusions" and "Non-Warranted Carpet Characteristics" are excluded from this warranty.

You may be responsible for certain charges associated with the replacement of any carpet. The following chart outlines the reimbursement limitation Karastan will be responsible for, as well as the limitation reimbursement of labor charges.
