

Lifetime Limited Moth And Insect Resistance Warranty

Karastan rugs and carpets constructed of 100% wool or a wool blend have been specifically treated and are warranted by Karastan to resist damage from moths and insects for the life of the product. While no wool products are completely moth or insect proof, Karastan nonetheless warrants that it will replace or repair its 100% wool or wool blend products if such products sustain moth or insect damage. Moth and/or insect damage will be determined by an authorized Karastan inspector.

This warranty extends only to the original purchaser of the product and only to carpets and rugs used for residential/indoor purposes at an owner-occupied location. It does not cover carpets installed outside the United States and Canada.

If, after inspection, repair or replacement of all or a portion of the affected carpet or rug is deemed necessary, Karastan will repair or replace the affected area at no cost to you. In the event that an identical carpet or rug is not available, Karastan will provide replacements of comparable quality, color and style.

Karastan reserves the right to require verification that the carpet or rug is covered by this warranty, including the original receipt for proof of purchase.

Incidental or consequential damages are excluded. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state to state. No implied warranties, including without limitation, any warranties of merchantability or fitness for a particular purpose, shall extend beyond the term of this specific warranty.

For additional information regarding these warranties, please contact your authorized Karastan dealer.
