Every Karastan broadloom carpet and area rug is truly a work of art—designed and crafted to satisfy both the aesthetic and practical preferences of the most discriminating individuals. We believe Karastan products are, quite simply, the finest made.

Because of the extraordinary quality, we are confident you will be totally satisfied with your investment not only today, but for many years to come. In fact, we guarantee your satisfaction with our Karastan Consumer Assurance Warranty program.

This exclusive program, as outlined in the following pages, warrants all Karastan broadloom carpets and area rugs for durability and integrity of design. Please keep this brochure with these other important papers regarding your Karastan carpet or rug:

- Original invoice/receipt
- Copy of sample label (from retailer)
- Cleaning receipts

Retaining these documents ensures that, in the unlikely event of a claim, all of the necessary paperwork will be easily accessible. Karastan also recommends keeping a 2’x3’ piece of carpet from your installation for your warranty or in case you ever need to make a repair.

Refer to this document for the specifics of each warranty, and then enjoy the beauty of your Karastan carpet or area rug, secure in the knowledge that your investment is guaranteed.

If you have any questions regarding your product warranty, you may visit our website at www.Karastan.com/warranty. Additionally, you may contact Technical Services at product_tech@mohawkind.com or 888-387-9881.

Effective April 2016

To maintain and protect your coverage under the terms of these warranties, you must do the following:

1. Know which warranties apply to your particular carpet. Warranties are stated on the back of samples in the store at the time of purchase. It is your responsibility to know which warranties apply to your carpet.

2. Keep proof of your purchase in the form of a bill, invoice, or statement from your Karastan retailer that shows the price you paid for the carpet (excluding labor).

3. Have your carpet installed by a professional installer trained in installation methods outlined by the Carpet and Rug Institute. The Carpet and Rug Institute Carpet Installation Standards must be followed in order to qualify for Karastan carpet warranties. Proper installation is as important as the original quality and durability of the carpet. An improperly installed carpet will not look good nor wear well and may cause delamination, buckling, wrinkling and loss of tufts in the seam areas.

4. Install your carpet with cushion meeting specifications for the warranted Karastan carpet. (The cushion under your carpet is one of the carpet's most important components. It is the base that helps the carpet perform to its full potential.)

Before a new carpet is installed, Karastan recommends that it sit overnight, preferably unrolled, in an area with a temperature not less than 65°F. This allows the backing to become more pliable and easier to install. It also allows the "new carpet smell" to dissipate. Testing, within the carpet industry and independently, has not found any harmful emissions from carpets. The latex used to lock the tufts in place does produce a smell sometimes referred to as "new carpet smell." Studies show 90-95% of the "new carpet smell" dissipates within 24-72 hours.

Depending on your room dimensions, a seam may be required during carpet installation. If at all possible, the seam should run perpendicular to windows in order to minimize light that reflects off the seam. Seams do show, and some constructions show more than others. THERE ARE NO INVISIBLE SEAMS.

4. Install your carpet with cushion meeting specifications for the warranted Karastan carpet. (The cushion under your carpet is one of the carpet's most important components. It is the base that helps the carpet perform to its full potential.)

D) CLEANING RECOMMENDATIONS

• Vacuum high-traffic areas daily, medium-to-high traffic areas twice weekly, and the entire house at least once per week.

• Even with regular vacuuming, soil particles and oily dirt will cling to carpet fibers. Foot traffic drives these particles and dirt deep into the carpet. Karastan requires professional hot water extraction every 18 months using cleaning products, equipment or systems that carry the Carpet and Rug Institute Seal of Approval. (Visit www.carpet-rug.org for a complete list of certified products.) Periodic cleaning by a certified carpet-care professional using the hot water extraction method will refresh carpet appearance.

Wool/wool blend carpets should be professionally cleaned by a wool-care specialist certified by the Restoration Industry Association, or RIA (formerly the Association of Specialists in Cleaning and Restoration, or ASCR).

• The most-used areas—entrances, doorways, traffic lanes and in front of chairs—will collect dirt faster than other areas. Clean these areas as soon as they begin to show soil. This will stop dirt from spreading and will extend the time between professional cleanings. Clean high-use areas on wool/wool blend carpets periodically with absorbent powders such as Host®, Capture® and Dri-Matic®.

If you have any questions regarding your product warranty, you may visit our website at www.Karastan.com/warranty. Additionally, you may contact Technical Services at product_tech@mohawkind.com or 888-387-9881.

KARASTAN GENERAL WARRANTY
CONDITIONS AND HOMEOWNER OBLIGATIONS

D) CLEANING RECOMMENDATIONS

- Vacuum high-traffic areas daily, medium-to-high traffic areas twice weekly, and the entire house at least once per week.
- Even with regular vacuuming, soil particles and oily dirt will cling to carpet fibers. Foot traffic drives these particles and dirt deep into the carpet.
- Karastan requires professional hot water extraction every 18 months using cleaning products, equipment or systems that carry the Carpet and Rug Institute Seal of Approval. (Visit www.carpet-rug.org for a complete list of certified products.)
- Periodic cleaning by a certified carpet-care professional using the hot water extraction method will refresh carpet appearance.
- Wool/wool blend carpets should be professionally cleaned by a wool-care specialist certified by the Restoration Industry Association, or RIA (formerly the Association of Specialists in Cleaning and Restoration, or ASCR).
- The most-used areas—entrances, doorways, traffic lanes and in front of chairs—will collect dirt faster than other areas. Clean these areas as soon as they begin to show soil. This will stop dirt from spreading and will extend the time between professional cleanings. Clean high-use areas on wool/wool blend carpets periodically with absorbent powders such as Host®, Capture® and Dri-Matic®.

If you have any questions regarding your product warranty, you may visit our website at www.Karastan.com/warranty. Additionally, you may contact Technical Services at product_tech@mohawkind.com or 888-387-9881.
To maintain and protect your coverage under the terms of these warranties, you must do the following:

1. **Know which warranties apply to your particular carpet.** Warranties are stated on the back of samples in the store at the time of purchase. It is your responsibility to know which warranties apply to your carpet.

2. **Keep proof of your purchase in the form of a bill, invoice, or statement from your Karastan retailer that shows the price you paid for the carpet (excluding labor).**

3. **Have your carpet installed by a professional installer trained in installation methods outlined by the Carpet and Rug Institute.** The Carpet and Rug Institute Carpet Installation Standards must be followed in order to qualify for Karastan carpet warranties. Proper installation is as important as the original quality and durability of the carpet. An improperly installed carpet will not look good nor wear well and may cause delamination, buckling, wrinkling and loss of tufts in the seam areas.

Before a new carpet is installed, Karastan recommends that it sit overnight, preferably unrolled, in an area with a temperature not less than 65°F. This allows the backing to become more pliable and easier to install. It also allows the “new carpet smell” to dissipate. Testing, within the carpet industry and independently, has not found any harmful emissions from carpets. The latex used to lock the tufts in place does produce a smell sometimes referred to as “new carpet smell.” Studies show 90-95% of the “new carpet smell” dissipates within 24-72 hours.

Depending on your room dimensions, a seam may be required during carpet installation. If at all possible, the seam should run perpendicular to windows in order to minimize light that reflects off the seam. Seams do show, and some constructions show more than others. **THERE ARE NO INVISIBLE SEAMS.**

4. **Install your carpet with cushion meeting specifications for the warranted Karastan carpet.** (The cushion under your carpet is one of the carpet’s most important components. It is the base that helps the
carpet retain its texture and appearance. A cushion that is too soft can adversely affect the performance of the carpet. A cushion that is too thick interferes with the anchoring of the carpet.)

To meet warranty requirements, carpet must be correctly installed in a proper indoor installation with a cushion meeting minimum requirements.

**MINIMUM WARRANTY REQUIREMENTS FOR CUSHION**

Cushion must meet FHA/HUD requirements and have a minimum density for tufted residential carpets of seven (7) pounds per cubic foot; thickness should be a minimum of 3/8 inch and maximum of 1/2 inch. Minimum density for wool/woven residential carpets is eight (8) pounds per cubic foot; thickness should be a minimum of 1/4 inch and maximum of 1/2 inch.

5. **Maintain your carpet according to Karastan** requirements in the section of this brochure labeled “Carpet Care and Guidelines,” including having a minimum of one professional cleaning every 18 months using cleaning products, equipment, systems and services specified/certified with the Carpet and Rug Institute (CRI) Seal of Approval. (Visit www.carpet-rug.org for a complete list of certified products.) You must show proof of periodic cleanings—in the form of a bill, invoice or statement—by a certified professional cleaning service.

6. **Only clean your carpet with cleaners** specified with a CRI Seal of Approval. Do not clean your carpet with household bleach.

7. **Register your purchase online at Karastan.com.** Failure to comply with your Karastan General Warranty Conditions and Homeowner Obligations will void your Karastan carpet warranty.

If you have any questions regarding your product warranty, you may visit our website at www.Karastan.com/warranty. Additionally, you may contact Technical Services at product_tech@mohawkind.com or 888-387-9881.

</table>
Subject to the Karastan General Warranty Conditions and Homeowner Obligations, the Carpet Warranty and Carpet Characteristic Exclusions, and the disclaimer and limited liability set forth in this brochure, Karastan provides the following specific warranties:

**LIMITED LIFETIME STAIN RESISTANCE WARRANTY**  
(All Karastan carpets made from SmartStrand® Forever Clean™ products)

Karastan warrants that the surface pile of these carpets will resist stains from any food and beverage (including mustard, hot coffee and herbal teas); bleach, provided that bleach spills are accidental and household bleach is not used as a cleaning agent, which will void the warranty; benzoyl peroxide (a common ingredient in acne medications); and other water-soluble, non-wax or non-oil based stains for the life of the carpet from the original date of installation. Karastan further warrants that if above mentioned stains are saturated and result in wicking, these stains will release with additional recleaning for the life of the carpet from the original date of installation. (Wicking is defined as a reappearance of previously cleaned stains due to liquid remaining in carpet backing or padding.) If permanent staining should occur that cannot be removed using recommended methods by a certified carpet-care professional, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this brochure.

**What Is Not Covered**

In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, also specifically excluded from this warranty is damage or stains caused by vomit, feces, urine other than domestic pet urine or stains caused by acids or oil-based or wax-based substances including, but not limited to, tar, shoe polish, paints, lipstick or mascara. This warranty applies to carpet manufactured from specific above-mentioned carpet fibers only and does not apply to any other fibers.
LIMITED LIFETIME NYLON AND PET POLYESTER STAIN RESISTANCE WARRANTY
(All Karastan carpets made from Kashmere, Wear-Dated®, UltraStrand®, Everstrand® and Karalon™ products)

Karastan warrants that the surface pile of this carpet will resist stains by most household foods and beverages for the life of the carpet from the original date of installation. If permanent staining should occur that cannot be removed using recommended methods by a certified carpet-care professional, Karastan will handle the claims as stated in the “Karastan Limited Liability” section of this brochure.

What Is Not Covered
In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, also specifically excluded from this warranty is damage or stains caused by non-food and non-beverage substances, in addition to foods and beverages that contain strongly colored natural disperse dyes as found, for example, in mustard, coffee, herbal tea, red wine and hot beverages, as well as substances which destroy or change the color of carpet such as bleaches, acne medications, drain cleaners, plant food, vomit, urine other than pet (domestic dog or cat) urine and feces. This warranty applies to carpet manufactured from specific above-mentioned carpet fibers only and does not apply to any other fibers

LIMITED LIFETIME FULL PET STAIN WARRANTY
(All Karastan carpets made from SmartStrand® Forever Clean™ products)

Karastan warrants that the surface pile of this carpet will resist stains from all domestic pets, including vomit, urine or feces for the life of the carpet from the original date of installation. If above-mentioned stains are saturated and result in wicking, these stains will release with additional recleaning for the life of the carpet from the original date of installation. (Wicking is defined as a reappearance of previously cleaned stains due to liquid remaining in carpet)
backing or padding.) If permanent staining should occur that cannot be removed using recommended methods by a certified carpet-care professional, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of the Karastan Full Warranty Guide.

What Is Not Covered
Specifically excluded from this warranty is damage or stains caused by any vomit, urine or feces other than all domestic pets. This warranty applies only to carpet manufactured from specific above-mentioned fibers and not to any other product.

LIMITED LIFETIME PET URINE STAIN RESISTANCE WARRANTY
(Only on Karastan carpets made from Kashmere, Wear-Dated,® EverStrand® and Karalon™ fibers)

Karastan warrants that the surface pile of these carpets will resist stains from pet (domestic dog or cat) urine for the life of the carpet from the original date of installation. If the above-mentioned stains are saturated and result in wicking, these stains will release with additional recleaning. (Wicking is defined as a reappearance of previously cleaned stains due to liquid remaining in carpet backing or padding.) If permanent staining should occur that cannot be removed using recommended methods by a certified carpet-care professional, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this brochure.

What Is Not Covered
In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, also specifically excluded from this warranty is damage or stains caused by any vomit or feces or any urine other than pet (domestic dog and cat) urine. Pet urine can erode and destroy carpet backing, resulting in delamination which is not covered under this warranty. This warranty
applies to above-mentioned urine and feces stains only and does not cover odors. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

LIMITED LIFETIME SOIL RESISTANCE WARRANTY
(All Karastan carpets made from SmartStrand® Forever Clean™, Kashmere, Wear-Dated® EverStrand®, UltraStrand® and Karalon™ fibers)

Karastan warrants that these carpets will not have a noticeable color change due to deposits of dry soil resulting from normal, indoor household foot traffic for the life of the carpet from the original date of installation. “Noticeable color change” is defined as a rating of less than 3 using standardized rating scales (Gray Scale AATCC Evaluation Procedure 1 or equivalent in the U.S. or via Test Method 121 in Canada). If permanent noticeable color change should occur that cannot be removed using recommended methods by a certified carpet-care professional, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, also specifically excluded from this warranty is damage or color changes caused by grease, mud, asphalt, tar, paint, ink, rust, blood, cement, urine, feces, vomit, or from materials that permanently destroy dyes or alter colors (such as bleaches, acne medications, drain cleaners and plant food), or changes in appearance or color due to burns, pets, tears, cuts, pulls, shading or pile reversal, fading, furniture depressions or athletic equipment. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.
25-YEAR LIMITED ABRASIVE WEAR WARRANTY
(All Karastan carpets except those made from wool, wool-blend and EverStrand® fibers)

Karastan warrants that the surface pile of this carpet will not sustain more than 10% abrasive wear for a period of twenty-five (25) years from the original date of installation. “Abrasive wear” means fiber-loss from the carpet through normal abrasion, not from crushing or flattening of the carpet pile in any area, or from staining, soiling, fading or other changes in carpet appearance. If, within the warranted period, the pile weight of the carpet, when compared to non-traffic areas, loses more than 10% of its weight, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
The warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. Also, specifically excluded from this warranty is damage caused by tears, pulls, burns, furniture, wheel traffic or athletic equipment. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

10-YEAR LIMITED ABRASIVE WEAR WARRANTY
(Only on Karastan carpets made from EverStrand® fibers)

Karastan warrants that the surface pile of this carpet will not sustain more than 10% abrasive wear for a period of ten (10) years from the original date of installation. “Abrasive wear” means fiber-loss from the carpet through normal abrasion, not from crushing or flattening of the carpet pile in any area, or from staining, soiling, fading or other changes in carpet appearance. If, within the warranted period, the pile weight of the carpet, when compared to non-traffic areas, loses more than 10% of its weight, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.
What Is Not Covered

The warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. Also, specifically excluded from this warranty is damage caused by tears, pulls, burns, furniture, wheel traffic or athletic equipment. This warranty applies only to carpet manufactured from EverStrand® PET carpet fibers and not to any other product.

25-YEAR LIMITED TEXTURE RETENTION WARRANTY

(On all Karastan carpets except those made from wool, wool-blend and EverStrand® fibers)

Karastan warrants that this carpet will retain its texture, not showing excessive pile crushing or matting from ordinary foot traffic as a result of the tufts losing twist, for a period of twenty-five (25) years from the original date of installation. “Texture retention” is the ability of the carpet tufts to retain their visible shape, as measured by the degree of bursting, opening or untwisting of the tufts at the surface of the carpet. Texture retention is measured against standardized rating scales ranging from 5.0 (new or no change) to 1.0 (severe change), ISO Standard 9405-1990. To perform as warranted, this carpet must retain a texture rating of at least 2.5 under warranted conditions. If, within the warranty period, a texture rating of less than 2.5 occurs under warranted conditions, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered

The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.
10-YEAR LIMITED TEXTURE RETENTION WARRANTY
(On all Karastan carpets made from EverStrand® fibers)

Karastan warrants that this carpet will retain its texture, not showing excessive pile crushing or matting from ordinary foot traffic as a result of the tufts losing twist, for a period of ten (10) years from the original date of installation. “Texture retention” is the ability of the carpet tufts to retain their visible shape, as measured by the degree of bursting, opening or untwisting of the tufts at the surface of the carpet. Texture retention is measured against standardized rating scales ranging from 5.0 (new or no change) to 1.0 (severe change), ISO Standard 9405-1990. To perform as warranted, this carpet must retain a texture rating of at least 2.5 under warranted conditions. If, within the warranty period, a texture rating of less than 2.5 occurs under warranted conditions, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from EverStrand® PET carpet fibers and not to any other product.

LIMITED LIFETIME ANTI-STATIC WARRANTY
(All Karastan carpets made from SmartStrand® Forever Clean™, Kashmere, Wear-Dated®, EverStrand® and Karalon™ fibers)

Karastan warrants that this carpet will not generate static greater than 5.0 kilovolts (using AATCC Test 134-79) for the life of the carpet from the original date of installation. If static greater than 5.0 kilovolts is generated, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
The items listed in the “Carpet Warranty and Carpet
Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

**25-YEAR LIMITED FADE RESISTANCE WARRANTY**
(All Karastan carpets made from SmartStrand® Silk™ Forever Clean™, Kashmere, Wear-Dated®, UltraStrand® and Karalon™ fibers)

Karastan warrants that this carpet will not show a permanent color change, due to exposure to sunlight, greater than one unit (as measured by the American AATCC Gray Scale for standard comparison of the extent of color differences) for a period of twenty-five (25) years from the original date of installation. If, within the warranty period, a color change due to sunlight should exceed the AATCC Gray Scale criterion, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

**What Is Not Covered**
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

**LIMITED LIFETIME MANUFACTURING DEFECTS WARRANTY**
(On all Karastan residential broadloom carpets)

Karastan warrants this carpet against manufacturing defects for the life of the carpet from the original date of installation. If, within the warranted period, this carpet is determined to be defective, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

**What Is Not Covered**
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to Karastan broadloom carpets and not to any other product.
CUSTOM RUG WARRANTY
Karastan warrants that custom rugs will have a ten (10) year Stain and Soil Resistance Warranty and a ten (10) year Limited Manufacturing Defects Warranty. Custom bound rugs may only be returned for freight damage, defective workmanship or failure to meet ordered specifications.

WARRANTIES OTHER THAN BY KARASTAN
Karastan warrants its Stainmaster® carpeting against manufacturing defects for a period of time specified in the Stainmaster fiber chart (in the Karastan Warranty Chart section) from the original date of installation. All other warranties for Stainmaster products are carried by Stainmaster (information is online at www.stainmaster.com or 1-800-438-7668). Other Karastan products may carry additional warranties provided by the fiber and stain protection producers. These warranties take precedence over Karastan warranties and should be submitted directly to the fiber and stain protection producers. Consult your dealer for specific warranty details and telephone numbers for warranty service.

Zippering: Karastan warrants that the carpet will not zipper or develop continuous “pile yarn runners” for the life of the carpet.

Delamination: Karastan warrants that the carpet will not delaminate for the life of the carpet. Chair pads are not required for this warranty but are recommended for maximum appearance retention.

Dimensional Stability: Karastan warrants that the carpet (in either stretch-in or glue-down installations) will not lose its dimensional stability (i.e., shrink, grow) for the life of the carpet due to normal variations in atmosphere, temperature and/or humidity, when maintained in accordance with Karastan’s recommended maintenance procedures.

Imperviousness to Liquids: Karastan warrants that the carpet will not lose its usable properties for the life of the carpet due to damage from liquids from...
normal commercial activities, including, but not limited to, occurrences such as spills, Karastan-approved cleaning methods, etc.

What Is Not Covered
The warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to Stainmaster carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

COMMERCIAL
LIMITED LIFETIME ANTI-STATIC WARRANTY
(Only on Karastan Metropolitan Collection carpets)

Karastan warrants that this carpet will not generate static greater than 3.5 kilovolts (using AATCC Test 134–79) for the life of the carpet from the original date of installation. Most people are unaffected by static of that degree. If static greater than 3.5 kilovolts is generated, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

COMMERCIAL
25-YEAR LIMITED FADE RESISTANCE WARRANTY
(Only on Karastan Metropolitan Collection carpets made from EverSet® fibers)

Karastan warrants that this carpet will not show a permanent color change, due to exposure to sunlight, greater than one unit (as measured by the AATCC Gray Scale for standard comparison of the extent of color differences) for a period of twenty-five (25) years from the original date of installation. If, within the warranty period, a color change due to sunlight should exceed
the AATCC Gray Scale criterion, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

Karastan warrants that this carpet will not show a permanent color change due to exposure to atmospheric contaminants (including ozone or oxides of nitrogen) for a period of twenty-five (25) years from the original date of installation. “Permanent color change” is defined as a change greater than one unit as measured by the AATCC Gray Scale. If, within the warranty period, a color change due to atmospheric contaminants should exceed the AATCC Gray Scale criterion, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

**What Is Not Covered**
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to Karastan Metropolitan Collection carpets made from EverSet® fibers and not to any other product.

**COMMERCIAL 10-YEAR LIMITED FADE RESISTANCE WARRANTY**
(Only on Karastan Metropolitan Collection carpets made from ColorStrand® SD nylon fibers)

Karastan warrants that this carpet will not show a permanent color change, due to exposure to sunlight, greater than one unit (as measured by the AATCC Gray Scale for standard comparison of the extent of color differences) for a period of ten (10) years from the original date of installation. If, within the warranty period, a color change due to sunlight should exceed the AATCC Gray Scale criterion, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

Karastan warrants that this carpet will not show a permanent color change due to exposure to atmospheric contaminants (including ozone or oxides of nitrogen) for a period of ten (10) years from
the original date of installation. “Permanent color change” is defined as a change greater than one unit as measured by the AATCC Gray Scale. If, within the warranty period, a color change due to atmospheric contaminants should exceed the AATCC Gray Scale criterion, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered
The items listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to carpet manufactured from specific above-mentioned carpet fibers and not to any other product.

COMMERCIAL 10-YEAR LIMITED STAIN RESISTANCE WARRANTY
(Only on Karastan Metropolitan Collection carpets made from ColorStrand® SDN fibers)

Karastan warrants that the surface pile of this carpet will resist permanent stains from most common household foods and beverages for a period of ten (10) years from the original date of installation.

The stain-resistant treatment provides improved resistance to food and beverage stains as compared to untreated carpets of similar construction; however, no product can protect carpet against all stains. Stains will be more apparent on light-colored carpet. Stain-resistant properties may be affected by exposure to very hot substances.
KARASTAN COMMERCIAL 
WARRANTY DETAILS

COMMERCIAL 
LIMITED LIFETIME ABRASIVE 
WEAR WARRANTY
(Only on Karastan Metropolitan Collection carpets)

Karastan warrants that the surface pile of this carpet 
will not sustain more than 10% abrasive wear for the 
life of the carpet from the original date of installation. 
“Abrasive wear” means fiber-loss from the carpet 
through normal abrasion, not from crushing or 
flattening of the carpet pile in any area, or from 
staining, soiling, fading or other changes in carpet 
appearance. If, within the warranted period, the pile 
weight of the carpet, when compared to non-traffic 
areas, loses more than 10% of its weight, Karastan 
will handle such claims as stated in the “Karastan’s 
Limited Liability” section of this warranty brochure.

For Karastan Metropolitan Collection Carpets with 
UPS Rebackings

Also Covered Under This Warranty:

Edge Ravel: Karastan warrants that the carpet will not have continuous ends coming out at lengthwise seams for the life of the carpet. Seam Sealer is required during installation for this warranty to be in effect.

WARRANTIES OTHER THAN 
BY KARASTAN

Karastan warrants its Stainmaster® carpeting against manufacturing defects for a period of time specified in the Stainmaster fiber chart (in the Karastan Warranty Chart section of this brochure) from the original date of installation. All other warranties for Stainmaster products are carried by Stainmaster (information is online at www.stainmaster.com or at 1-800-438-7668). Other Karastan products may carry additional warranties provided by the fiber and stain protection producers. These warranties take precedence over Karastan warranties and should be submitted directly to the fiber and stain protection producers. Consult your retailer for specific warranty details and telephone numbers for warranty service.
20-YEAR FULL MANUFACTURING DEFECTS WARRANTY
(On all Karastan Axminster rugs)

Karastan warrants its Original Karastan® Collection, Ashara® Collection, Shapura™ Collection, Antique Legends™ Collection, and Sovereign Collection against manufacturing defects for a period of twenty (20) years from the original date of purchase. If, within the warranty period, the rug is determined to be defective, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

What Is Not Covered

In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, this warranty also excludes the serging and fringe on the rug. Excessive force (e.g., vacuum with beater bar catching and pulling the fringe, clips used to hang rugs, etc.) applied to the fringe can cause separation behind the fringe which is not a warranted manufacturing defect.

10-YEAR LIMITED MANUFACTURING DEFECTS WARRANTY
(On all other Karastan Vande Wiele rugs)

Karastan warrants its English Manor Collection, Manifesto Collection, Siena Mar Collection & Titanium Collection against manufacturing defects for a period of ten (10) years from the original date of purchase. If, within the warranty period, the rug is determined to be defective, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

WHAT IS NOT COVERED

In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, this warranty also excludes the serging and fringe on the rug. Excessive force (e.g., vacuum with beater bar catching and pulling
the fringe, clips used to hang rugs, etc.) applied to the fringe can cause separation behind the fringe which is not a warranted manufacturing defect.

If this rug is warranted against pile abrasion wear by the fiber producer, refer to the fiber producer warranty information for applicable usage allowance. The fiber producer warranty will take precedence over this warranty.

RUG 1-YEAR LIMITED MANUFACTURING DEFECTS WARRANTY
(On all Studio and non-wool rugs)

Karastan warrants its Studio by Karastan and non-wool rugs against manufacturing defects for a period of one (1) year from the original date of purchase. If, within the warranty period, the rug is determined to be defective, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.

WHAT IS NOT COVERED
In addition to the warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure, this warranty also excludes the serging and fringe on the rug. Excessive force (e.g., vacuum with beater bar catching and pulling the fringe, clips used to hang rugs, etc.) applied to the fringe can cause separation behind the fringe which is not a warranted manufacturing defect.

RUG LIMITED LIFETIME MOTH AND INSECT RESISTANCE WARRANTY

Karastan warrants that all 100% wool or wool-blend rug will resist damage from moths and insects for the life of the product from the original date of purchase. If the rug is determined to be defective, Karastan will handle such claims as stated in the “Karastan’s Limited Liability” section of this warranty brochure.
What Is Not Covered

The warranty exclusions listed in the “Carpet Warranty and Carpet Characteristic Exclusions” section of this brochure are excluded from this warranty. This warranty applies only to Karastan rugs and not to any other product.
When the original purchaser of any new Karastan KaraStep™ cushion purchases any new Karastan carpet* at the same time, Karastan will (1) enhance the Abrasive Wear warranties for the purchased carpet products as shown on the following chart; (2) make all the applicable carpet warranties transferable to new owners. All other terms and limitations of the applicable warranties will apply.

*Does not include Karastan Metropolitan Collection carpets used for commercial installations.

CARPET WARRANTY AND CARPET CHARACTERISTIC EXCLUSIONS

UNLESS THE WARRANTY FOR YOUR KARASTAN PRODUCT LISTED IN THIS WARRANTY BROCHURE SPECIFICALLY AND EXPRESSLY COVERS ANY ITEM LISTED BELOW, ALL KARASTAN WARRANTIES EXPRESSLY EXCLUDE ALL OF THE FOLLOWING (please note that all references to carpet shall also include rugs, unless specifically excluded):

**Accidents, Abuse or Abnormal Wear**
These Karastan warranties do not cover water damage from plumbing or appliance failure, storms or flooding; damage incurred by or resulting from accidents or abuse such as staining, soiling, burning or cutting; spills excluded from the applicable stain protection warranties; or damage (other than specific domestic dog or cat urine stain coverage) caused by pets.

**Area Rugs**
No coverage for area rugs is provided under the Karastan broadloom carpet warranties.

**Carpet on Stairs, in High-Traffic Areas, Bathrooms and Kitchens**
These Karastan warranties do not cover damage to or appearance changes on carpet installed on stair; in bathrooms and kitchens; or in high-traffic areas or areas subject to other than ordinary shoe traffic.

**Carpet Stains Resulting From Commercial Use**
These Karastan residential warranties do not cover any carpet stains incurred by or resulting from commercial use (i.e., contracted services, in-home businesses, etc.) on residential carpet.

**Carpet Wear or Routine Maintenance**
These Karastan warranties do not cover normal carpet wear, routine cleaning and/or regular maintenance.

**Changes in Appearance**
All carpets will change in appearance over time, primarily due to foot traffic. Carpet in heavy traffic
areas will exhibit the most change. A good-quality cushion will help extend the carpet’s appearance. Over time and with use, the tips of the tufts in cut-pile carpets will lose some twist, causing the carpet to bloom. This is a normal characteristic of carpet and is not considered a manufacturing defect.

**Crushing**
Crushing is the compaction of the pile thickness due to foot traffic or furniture. Regular use of a vacuum with a beater bar in high-traffic areas may help reduce changes in carpet’s appearance. See C) Regular Vacuuming in the Carpet Care and Guidelines section of this brochure for additional information and vacuuming recommendations.

**Defects, Conditional**
These Karastan warranties do not cover defects of conditions covered by other warranties.

**Defects, Visible Upon Installation**
Once the carpet is installed, no warranty coverage will be provided for defects in the carpet which were clearly visible and should have been discovered prior to or during installation.

**Differences in Samples**
These Karastan warranties do not cover minor and normal differences between the color and texture of the retail store sample and true color and texture of the actual carpet.

**Fading, Color Changes or Color Loss**
These Karastan warranties do not cover sudden changes in carpet color resulting from external causes (other than those specifically mentioned in this warranty brochure) such as fading due to sunlight or spills of household chemicals and other non-food and non-beverage substances or gradual fading over time from emissions from heating fuels, pesticides, cleaning agents, benzoyl peroxide and other household items. Care should be taken when using these items.
Filtration Soiling
Dust, dirt, pollen, cooking vapors and other airborne pollutants may appear as dark lines along walls, vents and doorways. This is usually due to an imbalanced ventilation system that is incapable of removing the volume of air entering the room. The excess air escapes through gaps between floors, walls and doorways. Professional cleaning may remove discoloration in affected areas, but the condition will usually return unless ventilation problems are corrected. Carpet of any quality will perform the same if subjected to filtration inefficiencies.

Footprints
Cut-pile carpets will show footprints and vacuum cleaner marks. This is characteristic of carpet and is not considered a manufacturing defect. Selecting a carpet with a lower pile height and denser construction will help to minimize this effect.

Geographic Locale
These Karastan carpet warranties apply only in the United States and Canada.

Improper Cleaning and Maintenance or Inadequate Care
These Karastan warranties do not cover damage to your carpet caused by improper cleaning, improper maintenance or cleaning materials or inadequate care. Your Karastan carpet requires routine cleaning and maintenance. Maintenance requirements and recommendations are listed in this brochure under “Carpet Care and Guidelines” and should be followed. All cleaning receipts should be retained.

Improper Installation
These Karastan warranties do not cover damage to your carpet caused by improper installation. Examples include, but are not limited to, wrinkling due to insufficient stretch, loss of tufts due to improper seam sealing and seam peaking. The Carpet and Rug Institute Carpet Installation Standards conform to proper installation procedures and must be followed.
The International Floor Covering Installers Association (1-816-231-4646) maintains a directory of qualified carpet installers.

**Inadequate Cushion**
These Karastan warranties do not cover damage to your carpet caused by inadequate cushion. Cushion of insufficient density will cause your carpet to wear out prematurely. Cushion recommendations, including minimum cushion requirements, are stated in this brochure.

**Indentations**
Furniture or other heavy objects can cause indentations in your carpet. Furniture coasters will help distribute the weight of heavy objects over a larger area. Brushing the affected carpet area with your fingertips will usually restore the crushed tufts to their original position. This is not considered a manufacturing defect.

**Matting**
Entanglement of fibers and tufts of yarn tips may be caused by a cushion failure; usually it is due to improper maintenance. Residue from a spill that was not cleaned up thoroughly or cleaning residue that was not rinsed completely will lead to matting.

**Odors**
These Karastan warranties do not cover carpet odors.

**Outdoor Installation**
These Karastan warranties do not cover carpet installed outdoors. All carpets manufactured by Karastan are intended solely for use as indoor floor coverings and are not recommended for any other purpose.

**Pad Failure**
These Karastan warranties do not cover defects or damages caused by failure of the carpet pad. Deterioration of the padding can cause problems with your carpet. Please see the pad manufacturer’s warranty statement for more information.
Problems with Moisture
These Karastan warranties do not cover problems caused by wetting or persistence of excessive moisture. For immediate assistance, contact a certified water damage restorations specialist. The Institute of Inspection, Cleaning and Restoration Certification (IICRC) (1-800-835-4624) maintains a registry of trained certified specialists.

Products Other Than First Quality
These Karastan warranties apply to first quality products only and are not applicable to carpet or rugs sold as second quality, irregular, used or mill end.

Residences Other Than Owner-Occupied, Single-Family
These Karastan warranties apply only to carpet for owner-occupied, single-family, indoor residential installations and do not cover carpet installed in any commercial or business places and/or rental properties.

Shading
Shading is a change in pile direction that results in an apparent change in color due to the light reflecting in different ways. Solid color cut-pile carpets will exhibit this more often than textured or patterned carpets. This is normal. Severe cases of shading are also known as pooling or watermarking and can result in permanent pile reversal after installation. No cause for this is known, and it is usually confined only to certain areas of an installation. Pooling or watermarking is not considered a manufacturing defect.

Shedding
Shedding is a normal characteristic of cut-pile carpets. It is more apparent in staple products than continuous filament products. Regular vacuuming using a vacuum cleaner with a beater bar will remove most of the loose fibers during the first year. See C) Regular Vacuuming in the CARPET CARE AND GUIDELINES section of this brochure for additional information and vacuuming recommendations.
Stain Reappearance (Wicking)
These Karastan warranties do not cover reappearance of previously cleaned stains. If warranty conditions set forth in this brochure are met, stains that are saturated and result in wicking will release with additional recleaning.

Transferability
Some warranties will be transferable depending on fiber type. Please reference the warranty grid foldout for details.

Wrinkling or Buckling
Wrinkling may occur after installation and can be caused by excessive humidity, inadequate cushion or failure to use the recommended installation procedures found in the Carpet and Rug Institute Carpet Installation Standards, especially relative to power stretching. A competent installer can usually correct this problem.

Yellowing
Yellowing can have many causes, such as BHT (butylated hydroxytoluene) off-gassing from rebond pad, yarn lubricants, over-application of stain-resistant treatments, changes in alkalinity, cleaning solutions, general soiling and fume fading. White vinegar applied to a clean white towel and held on the carpet will indicate if yellowing can be removed. If this works, a 10% solution of citric acid applied by a professional cleaner will usually remove yellowing. Yellowing is characteristic of carpet and not considered a manufacturing defect.
ALL IMPLIED WARRANTIES WHICH MAY ARISE BY IMPLICATION OF LAW OR APPLICATION OF COURSE OF DEALING OR USAGE OF TRADE—INCLUDING, BUT NOT LIMITED TO, IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE—are expressly excluded. NO WARRANTIES, EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, EXTEND BEYOND THOSE EXPRESSLY SET FORTH IN THIS WARRANTY BROCHURE, AND ALL SUCH WARRANTIES ARE EXPRESSLY DISCLAIMED.

By implied warranties, we mean ones that the law presumes to have been given by the seller even though they are not set out in writing. PLEASE NOTE: Some states do not allow the exclusion or limitation of incidental or consequential damages, or limitations on how long an implied warranty lasts, so the above limitation or exclusion may not apply to you.
Provided that you have complied with the Karastan General Warranty Conditions and Homeowner Obligations included in this warranty brochure, Karastan shall have as its entire liability and exclusive remedy the warranty liability described in this section. Karastan’s liability under this limited warranty shall be limited to the actual cost of repair or replacement of a Karastan rug and only the affected area of the carpet extending to the nearest wall, doorway or entrance. Karastan reserves the right to correct any defect prior to the carpet being returned, removed, replaced or any settlement being offered and/or prior to a rug being returned. Upon determination of a valid claim and that the carpet or rug cannot be restored by repair, Karastan will arrange a credit to your retailer equal to a percentage of the cost of the carpet or rug replacement only. Credit will be issued based upon the length of time your carpet has been in use and according to the prorated schedule set out in the applicable section for identical (or, if identical carpet is not available, comparable) Karastan carpet of equal value. The credit will be good only toward the purchase of new Karastan carpet. Credit for rugs will be issued for an identical or comparable rug of equal value. There will be no cash payment.

Karastan reserves the right to require verification that the carpet or rug is covered by an applicable warranty, including requiring the original receipt for proof of purchase. Karastan also reserves the right to inspect any carpet or rug for which a warranty claim has been alleged, using an authorized Karastan inspector, and has sole and final determination of whether a warranty claim exists.

**KARASTAN SHALL NOT BE LIABLE FOR AND WILL NOT PAY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES OF ANY KIND WHATSOEVER UNDER THIS WARRANTY.** Some states do not permit exclusion or limitation of incidental or consequential damages, so the exclusion or limitation may not apply to you.

The limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Except for these rights, the remedies provided under these warranties state the entire limit of Karastan responsibilities.

For additional information regarding these warranties, please contact your authorized Karastan retailer.
A) SELECTION
When selecting carpet color, you should view large carpet samples during the day and by lamplight in the evening in the area of installation. The color you choose will look different under different lighting conditions.

Light-colored carpets and rugs will show more soil and require more maintenance than dark-colored ones. Darker colors of carpeting are more effective in high-traffic areas. Multicolored and patterned carpets and rugs are especially effective in hiding soil.

The performance and quality of a carpet or rug are directly related to the amount and quality of fiber that goes into the pile. The better the fiber and the denser it is packed, the better the performance. A thin, less-dense carpet or rug will lose its surface appearance faster. Karastan recommends buying the highest quality you can afford.

B) STAIN REMOVAL (ALL FIBERS EXCEPT WOOL/WOOL BLEND)
Most household spills can be easily removed using the steps below. Treatment of the affected area should begin immediately upon discovery as stain removal becomes more difficult with time. To start, locate your stain on the Common Stains Chart and follow these steps:

First, use a spoon, dull knife or a carpet cleaning key to remove as much solid material as possible.

Always work from the outside of stain to the center to prevent spreading, especially with large stains.

Blot up liquid spills with a white towel or paper towel.

For best results, try to remove remaining stain with warm water only. If stain cannot be removed with warm water extraction or a clean, warm, wet cloth, use Mohawk FloorCare Essentials™ Carpet
Spot Remover and Cleaning Kit and follow the directions given (call 1-800-266-4295 for a FloorCare Essentials™ retailer near you). If FloorCare Essentials products are not available, perform the following:

**PROCEDURE A**
(For water-based, special water-based and greasy, oil-based stains)

Mix a solution of 1/4 teaspoon of clear hand dishwashing detergent with 1 cup of water. Stir gently.

Apply detergent solution directly to a white cloth. Dampen the carpet fibers in the stained area with the cloth. Avoid saturating the carpet.

Wipe gently. Turn cloth frequently.

Never rub, scrub or use a brush. This may damage carpet fibers. If necessary, use your fingertips to work the solution to the base of the stain. Do not over-saturate carpet; use small amounts of solution and blot frequently.

Wet the stained carpet fibers with clear, lukewarm water to rinse.

Cover the spot with an absorbent white towel or paper towel and apply pressure to blot.

Repeat the rinsing and blotting procedures until you are sure all traces of the detergent have been removed.

If the stain is gone, place an absorbent white towel or paper towel over the area cleaned, and weigh towels down with a heavy colorfast object, such as a weighted plastic wastebasket.

Change towels or paper towels until carpet dries.

If stain remains, perform Procedure B (for coffee, tea or urine, skip Procedure B and perform Procedure C).
**PROCEDURE B**
(Do NOT use on coffee, tea or urine stains)

Mix 2 tablespoons of non-bleaching, non-sudsing household ammonia with 1 cup of lukewarm water.

Apply ammonia solution, rinse and blot as outlined in Procedure A.

Do not dry with paper towels. Follow Procedure C to neutralize the ammonia solution.

**PROCEDURE C**
Mix 1/2 cup of white vinegar with 1 cup of lukewarm water.

Apply vinegar solution, rinse and blot as outlined in Procedure A.

**COMMON STAINS CHART MOST COMMON WATER-BASED STAINS**
For these stains, start with Procedure A. If stain remains, complete Procedures B and C.

Wax*

*Freeze and remove solid materials before using cleaning fluid.
Important: Do not use any cleaner with a pH of 10 or higher. Before using, always test cleaners on a small, non-visible area for any discoloration of the pile.

Abnormally large or excessive stains may require hot water extraction method. Professional cleaning is recommended.

If stain returns—a condition known as “wicking”—simply repeat stain removal procedures, paying special attention to blotting and removal of all moisture.

If these processes do not correct the problem, or if you have a stain emergency, contact the Scotchgard Service Center at 1-800-433-3296 for further assistance.

**STAIN REMOVAL FOR WOOL/WOOL-BLEND CARPET**

Treatment of the affected area should begin immediately upon discovery as stain removal becomes more difficult with time. Most household spills can be easily removed using the steps below.

First, use a spoon, dull knife or a carpet cleaning key to remove as much solid material as possible.

Always work from the outside of stain to the center to prevent spreading, especially with large stains.

Blot up liquid spills with a clean white towel or paper towel, absorbent cloth or Absorb-It™. Do not rub.

Apply spot removal agent only to clean towel or cloth, never directly to the spot. Use small quantities at a time so as not to overwet carpet. Wipe gently and turn cloth frequently.

Never rub, scrub or use a brush. This can cause the spot to spread, distort the carpet pile and/or damage carpet fibers. If necessary, use your fingertips to work the solution to the base of the stain. Do not oversaturate carpet; use small amounts of solution and blot frequently.
Afterwards, blot as dry as possible with clean absorbent white towel, then cover with Absorb-It or paper towels and let dry.

**CLEANING AGENTS FOR WOOL/WOOL-BLEND SPOT/STAIN REMOVAL**

Always pre-test any cleaning agent in an inconspicuous place (e.g., in a closet, corner of the room or under a piece of furniture) to ensure that it does not remove color.

**Detergent Solution**

Mix one teaspoon of clear hand dishwashing liquid or detergent powder (should NOT contain any bleaches or strong alkalies) with one cup warm (not hot) water. Apply as described in above steps. Rinse well.

**WoolClean Spot Remover #1**

WoolClean Spot Remover #1, part of the WoolClean Carpet Spot Removal Kit, cleans water-based spills and spots. Use according to directions on package. WoolClean Carpet Spot Removal Kits are available at www.karastan.com.

**Absorbent Cleaners**

Host®, Capture® and Dri-Matic® absorbent powders can be used on wool carpet. They are available from local home centers, independent distributors, carpet retailers, online websites and/or vacuum dealers.

**Warnings**

All chemicals should be used with great care and strictly in accordance with use/safety instructions on package as some are hazardous (corrosive, flammable, toxic, etc.). Only use Dry Spot Remover #2 (for greasy spots on carpet) or other solvent-containing products in well-ventilated work areas. Do NOT apply these products to bonded carpets (carpets that are not tufted or woven but instead have the pile bonded to the backing).

Do not use any stain-repellent treatments that contain silicone. These can accelerate carpet soiling. Some carpet manufacturers will not accept responsibility for problems in situations where such treatments have been used.
C) REGULAR VACUUMING
Most dirt, and even dust, takes the form of hard, dry particles which can be removed with a vacuum cleaner. When left in the carpet, these gritty, sharp particles abrade the pile of the carpet. Regular vacuuming literally extends your carpet’s life as well as enhancing its appearance, so the type of vacuum cleaner you use is important.

A vacuum’s performance will vary based on the carpet’s fiber type and construction. A good vacuum typically has features that allow you to adjust the height, beater bar rotation and fan speed. Vacuums with large wheels, self-propelled vacuums and/or specialty tools can also help ensure easy and effective carpet maintenance.

Features
Adjustable height is the most important feature because this enables the machine to be used on a wide variety of carpet constructions. If your vacuum is set too high above the carpet surface, the vacuum can’t attract the gritty soil below. If the setting is too low, the vacuum’s beater bar or brushes can “fuzz” the carpet’s surface, causing it to look worn and frayed.

When vacuuming high pile, wool, wool-blend and premium soft carpets, look for the following features that will allow you to easily maintain your carpet:

Adjustable Height
Use the highest setting where appropriate.

Efficient Airflow
Avoid vacuums with very concentrated or sealed suction.

Large Wheels
Vacuum should glide easily across the carpet.

When vacuuming thick loop, casual frieze or long pile carpets such as “shag,” you may need to completely disengage the beater bar and vacuum with suction only.

For all other carpet constructions not mentioned above, use a vacuum with a rotating brush or beater bar.
You should first determine your carpet’s fiber type.

Carpet retailers can provide specific details about the products they sell. If you are not sure of your carpet’s fiber type and manufacturer, please call the retailer from whom you purchased your carpet.

Notify your retailer in writing. Be sure to describe the specific problem and to include a copy of your invoice. Your retailer will take appropriate action, including notifying Karastan, if necessary.
